

Packaging Systems for Bulk Solid Products

R QUBE © 2023

No.23/7 3rd Lane, Parakum Mawatha, Attidiya, Dehiwala, Sri Lanka

ABOUT US

- ▶ The R QUBE was established as a company in 2005 with the blend of a great friendship along with their enormous experience in the trade of Tea and the wealth of good International relationships.
- ▶ Now we also provide the packaging systems for bulk solid products and the spare parts for them. We have a wide selection of products based on available foot print and production requirements.
- ▶ Our handpicked team of professionals are committed to quality and reliability, and we take pride in our many initiatives to support the underprivileged estate workers, the unsung heroes of Sri Lanka's economic growth.

OUR PARTNERS

- ▶ Our company has business operations with other countries, including Europe, Russia, Africa.
- ▶ Responsible specialists involve in development, construction, production, sales and service, so that we can guarantee personalized customer service and a smooth workflow.

GF PACKAGING MACHINES

- ▶ Engineered to be manually or auto loaded, GF packaging machines can sit on any surface and package your product effectively.
- ▶ They can fill almost any type of product ranging from tea, granulates, liquids, powders and much more. They are also able to place this product into stand-up pouches or boxes with unique design.
